

**Revision History** (NOK Group Green Procurement Guideline Attachment-1)

Revision No.	Revised Contents	Revision Date
Rev.No.0	Initial establishment	Mar. 31, 2014
Rev.No.1	<p>P6 Changed the classification by depending on the forms.</p> <p>P6-7 Changed table's layout. There are two words "Note-1" in the table. Changed the second word from "Note-1" to "Note-4". Note the concept of threshold values and report criteria about the EU04 (REACH annex 17).</p>	Mar. 31, 2016
Rev.No.2	<p>Full text In the revision of the NOK Group Green Procurement Guideline this time, the tool for collecting information on chemical substances to be answered by suppliers was changed from the JAMP tool (JAMP AIS, JAMP-MSDSplus) to the chemSHERPA. Therefore, the content of the annex was combined with the text for the chemSHERPA survey.</p> <p>Revision history This document is separate from the main body.</p>	Apr. 27, 2018
Ver.5  * Match to the text	<p>Full revision It was emphasized that the environmentally hazardous substances managed by each NOK group company are the substances in the chemSHERPA controlled substance reference list defined by JAMP, and the overlapping part was deleted and simplified. In addition, the reference destination of the homepage was specified so that even those who are new to chemSHERPA can understand it.</p>	Oct. 1, 2021
