NOK Corporation hereby announces that it has revised its projection for dividend per share as below.

(1) Details of revision

	Dividends per Share		
	Interim	Term-end	Total Annual

Revised projection		12.50 yen	37.50 yen
FY2019 Actual	25.00 yen	-	-
FY2018 Actual	25.00 yen	25.00 yen	50.00 yen

2. Reasons

Our basic dividend distribution policy is to maintain stable dividend payments at appropriate levels in accordance with mid- to long-term corporate performance. On the other hand, however, internal reserves are also an important factor to be considered for future business development and reinforcement of financial health. We will determine dividends taking into consideration all such factors.

As a result of careful consideration of both the amount of net income and the aforementioned basic dividend distribution policy, as well as future cash requirements, we have determined that the term-end dividend per share for the current fiscal year will be 12.50 yen.

* Forward-looking statements on dividend projections that are stated in this disclosure are based on information currently
