

## NOK selected as a constituent of the Global ESG investment index, FTSE4Good Index Series and FTSE Blossom Japan Index

NOK CORPORATION (Head Office: Mita MT Bldg., 3-13-12, Mita, Minato-ku, Tokyo, 108-0073 Japan) would like to announce that we were selected as a constituent of "FTSE4Good Index Series (\*1)" and "FTSE Blossom Japan Index (\*2)," which are indices for typical ESG (environmental, social and governance) investments.

FTSE4Good

FTSE Blossom  
Japan

### Background of Selection

---

The FTSE4Good Index Series is a stock index developed by FTSE Russell, a subsidiary of the London Stock Exchange, and the FTSE Blossom Japan Index is designed to measure the performance of Japanese companies. FTSE Russell uses its own ESG evaluation model based on the existing international ESG standards, including the United Nations Sustainable Development Goals (SDGs), for selection of companies demonstrating outstanding ESG initiatives.

NOK believes that fulfilling our social responsibilities (CSR) is an integral part of the sustainable business activities. In recent years, we have strengthened our ESG initiatives and focused on disclosing the content of these initiatives in the CSR Report and other media in an easy-to-understand manner.

The selection by them is considered as a recognition of the result of our efforts. We are reinforcing business structure for sustainable growth and becoming a highly profitable corporate group in which all stakeholders can take pride.

For information on NOK Group's ESG initiatives, please refer to the CSR information section below.
